

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

MOTIONS AND RESOLUTIONS.

Mr. Wesselius offered the following resolution:

Resolved, That the remarks made by the Hon. J. Den Herder in committee of the whole yesterday, while

House bill No. 411 (file No. 259), entitled

A bill to provide for the penalty of death in certain cases of murder.

Was under discussion, be entered at length on the Journal of to-day.

The question being on the adoption of the resolution,
The resolution was adopted.
The following are the

REMARKS OF HON. J. DEN HERDER.

I am in favor of capital punishment and desire to give my reasons for the same. I might defend my position from a Bible standpoint as held up both in the Old and New Testament; but I refrain from doing so here for reasons of my own. I rather take the facts as they appear to be at present together with what, in my opinion, are the present needs for the safety of society.

I am of the idea, Mr. Chairman, that punishment ought to be commensurate with or to the crime committed. It ought to be a sufficient punishment upon the criminal so that he will not likely commit such a crime again, and for an example to others to deter them from like crimes. Often in cases of larceny or burglary very severe punishment is inflicted. Not only is the thief or robber deprived from his spoil if found, but a heavy fine and imprisonment is added. So in cases of assaults and other crimes in their different forms; justice and as requires that punishment shall be meted out commensurate to the crime committed.

But is that the case in regard to deliberate premeditated murder? Certainly, justice requires it. Our statutes, however, say no. Our laws seem to imply that life for life is too much, is barbaric, is revengeful, is cruel. Let it be imprisonment at solitary confinement for life. Now if such punishment were really and strictly carried out as it has been in bygone years, that were, in my estimation, a worse punishment to the convict than a brief death by hanging. And I for one would rather approve of a way by which the culprit should be put to death in the shortest way possible. But, Mr. Chairman, we have no more solitary confinement for life. The sentence may run that way, but we find that the law of this State prescribes and permits a different treatment. It says:

"Convicts which have been or may be sentenced to solitary confinement in the State prison at hard labor for life, may be released from solitary confinement and employed as other convicts are, etc." They may also be permitted to correspond with their relatives and friends. And what is the result? Under the present reform system of convict treatment the very worst fratricide or parricide may get the very same treatment as the fellow that is imprisoned for killing his neighbor's horse, cow or mule, work ten hours a day, get their regular meals, enjoy themselves evenings at club or society meetings with their fellow-prisoners, have their singing and speeches, spin their yarns, in fact have a good time; their only and principal punishment consists in being deprived of their liberty, and even that is what the murderer prefers, at least for quite a while, on account of his Cain's self-conviction: "Every one that meets me will say me." There he feels himself safe, if anywhere; there he feels himself at home among his fellow-criminals; that is his city of refuge, with a fair prospect of getting pardoned after a few years.

Now, I claim that such a treatment of those that are convicted for deliberate, premeditated murder is not at all a punishment commensurate to their crime, and will not deter others from taking also a bloody revenge, or from murdering even the mother that nursed him at her breast. Now, Mr. Chairman, these are simple facts of to-day, and not mere possibilities. And is that really the treatment those brutes in human form deserve? Will such punish-

ment deter others from committing the same offense? I doubt very much. Now, what are we going to do about it?

Is it safe and for the interest of the people of our State to continue in the course we have taken? Or shall we not rather take the course what nearly all of our sister States of the Union do? Upon investigation I find that only three of the 42 States have abolished capital punishment; Michigan, Rhode Island, and Wisconsin. Some States have tried to do without capital punishment, but soon found out that they had to return to it. And why should not Michigan? That the crime of murder is constantly on the increase in our dear State, even out of proportion to the increase of our population, we cannot deny. I do not desire to compare our State with others, it being very difficult to obtain reliable reports from other States, not only but from the simple reason that the condition of our State is bad enough, in fact as bad as we can possibly stand it.

Upon close investigation the editors of the Detroit Tribune find that during the years 1887 and 1888 in this State alone 107 murders in the first and second degree were committed, 40 whereof stand convicted. Aside thereof, it is stated that during those years 216 murderous assaults were made, and if that statement be not recent enough, then let us look up the criminal history for the first four months of this year; there we find the alarming facts, as near as they can be traced, that 15 murders have been committed, and aside of these, 14 murderous assaults made; add thereto the criminal assaults upon young, innocent female children, and the number of high crimes become appalling, and call us at this time to consider well whether we should not at least try, by more stringent laws, to in some degree lessen the calendar of crime, or do we claim to be more advanced in civilization than 39 of our sister states. The number of crimes tell us a very different story. Would we be returning to barbarity? What is barbarity other than the people at large taking the execution of criminals in their own hands? It is true half civilized Russia abolished capital punishment long ago, but is that government very much benefited thereby? We all know it is far behind England and France, where capital punishment is still executed. Then why not fall in line with the enlightened nations and states and reinstate capital punishment in our state, which was abolished in 1847? Certainly the main object of our criminal code should be to protect innocent lives and the just rights of our citizens against the wicked, and entirely secondary the merciful treatment of the convicted criminals. It seems to me an indisputable fact that the abolishment of the death penalty depreciates the value of innocent human life, while a judicious application thereof must necessarily lead to a healthy appreciation thereof. We must hold up the sacredness of innocent human life at all hazards, and denounce that of the guilty murderer as a life forfeited and forever lost to relatives and friends, to church and state, and to be by the courts here below sentenced to appear before the bar of the Almighty. If you should consider such ideas too severe for our present day, then let us see what sentence a very few years ago was pronounced upon one Patrick Benan in this state; let us hear how the honorable judge expressed himself. He said: "I regret that the law is such that the court cannot condemn you to expiate your crime upon the gallows. As it is, I can *only* sentence you to solitary confinement in the State prison, there to spend the remainder of your days until your worthless body shall be taken from a felon's cell to a felon's grave; then may God have mercy on your soul," etc.

And who was that deliberately just judge? None other than the now Hon. Supreme Judge Grant. And, Mr. Chairman, if such eminent jurists of our State feel the need of sentencing certain criminals to the gallows, why should not the penal laws of our State be amended in that direction?

I do not wish to be understood as though I favored capital punishment for every convicted murderer, Mr. Chairman. Circumstances are too various; but I do certainly favor capital punishment or imprisonment for life as the Judge should dictate in accordance to the circumstances and evidences of the case.

But perhaps some one will say that capital punishment is based on revenge; but then every punishment in whatever degree or for whatever crime, is simply revenge, which argument is ridiculous. Others will say, in other States where they have capital punishment they cannot or do not convict to murder in the first degree. That may be so in states where sentence of capital punishment is the only sentence prescribed for such crimes, but we *do* know that in many states now and then that extreme punishment is justly applied.

Others again, will say there is danger of taking the life of an innocent person. Very little danger indeed, Mr. Chairman, under our enlightened people; and should we for one exceptional case in a hundred convictions, risk the lives of our numerous innocent fellow men? Furthermore, Mr. Chairman, a serious responsibility is again laid upon this Senate. We are called upon at this moment to decide whether we shall agree with the House to prescribe a more severe punishment upon criminals that premeditatedly and wilfully take human life, and upon those that quench their brutish lusts upon our innocent female children, or whether we shall through a certain *sentimental* feeling for the lives of the degraded criminals, or perhaps through a *blunted idea* of the enormity of crime, allow our statutes to remain as they are, and allow riot to run wild, no matter what anarchism or nihilism of our day may at any future day accomplish? No, Mr. Chairman, if we really desire to protect society and State, if we desire to guard our homes, our wives and children, even our own lives, then let us place such extreme safeguards, that, in case anything should happen in the future, we would not have to accuse ourselves. Life is a jewel, precious even to the most degraded criminal, when his life comes in danger, while death is still and has been for all ages the King of Terrors. And therefore I claim if fear of the death punishment cannot deter, nothing else will, especially not the punishment they are now receiving in our State prisons. And therefore I say, Mr. Chairman, let us try again what effect capital punishment will have. It may be that the bill before us is not exactly in the shape as we would want it; then let it be amended. But let us be serious and in full earnest. The peace-abiding people of our State are awaiting our prompt action, while the criminal class is anxiously looking for defeat of the bill. Which class shall we respect, honor and defend? Your vote and my vote will give the reply.

PRESENTATION OF PETITIONS.

No. 489. By Mr. Dunstan: Communication of Chas. Hasse, State M. W., K. of L., relative to Senate bill No. 194.

On motion of Mr. Dunstan,

The communication was read at length, and spread at large on the Journal, as follows:

LANSING, MICH., May 9, 1889.

Hon. Thomas B. Dunstan, Senate Chamber, Lansing, Mich.

DEAR SIR:—Permit to call your attention to bill No. 194, entitled a bill relative to confinement in this State of prisoners committed or sentenced by courts of the United States or the Territories thereof, by way of reply to your favor some little time since received by me. When you first called my attention to this measure I immediately availed myself of the first opportunity to investigate the nature and effect and probable results of that kind of legislation, and consulted with the various labor organizations of the State, and from such investigation and consultation I can say to you that the labor organizations have no objection to the passage of a measure of that kind, and in view of the fact that all other States are permitted to exercise the right, provided for in this bill and do exercise the right, I can see no reason myself why Michigan should be an exception to the general rule, and I can see some reasons why this measure should be adopted other than the one here suggested with regard to the custom generally throughout the country.

First, I not believe it would have any possible effect that would be in the slightest degree harmful to any of the labor organizations which I am most interested in.

Second, There are some people who have criticised the repeal of the law that formerly was upon our statutes, and I think that it has been to the detriment of the laboring interests, as they have claimed that this was a measure in the interests of the laboring classes, and have charged it up to our account, and this is exceedingly important, because, from a careful investigation of the matter I am satisfied that it can do the laboring classes no possible harm, and

we do not want to be responsible for any legislation that might be detrimental to the other interests of the state, especially where we receive no benefit therefrom. Therefore I can say so far as the labor organizations of this state are concerned we would all be much gratified with the passage of bill 194.

Trusting that you will urge this matter and thereby relieve us from the unjust imputation this legislation imposes, I have the honor to be,

Yours very respectfully,

CHARLES HASSE,

State M. W. K. of L.

PRESENTATION OF PETITIONS.

No. 493. By Mr. Ball: Petition of members of the Citizens' Building and Loan Association of Flint.

The petition was read at length, and spread at large on the Journal, as follows:

To the Honorable the Senate and the House of Representatives of the State of Michigan.

We, the undersigned members of the Citizens' Building and Loan Association of Flint, Michigan, would respectfully represent to your honorable bodies, that under the provisions of a statute passed by the Legislature of 1887, we, with others, have formed the above mentioned association; that the object for which said association and similar associations are formed, is to aid and assist wageworkers and others to lay by a part of their earnings for the purpose of acquiring a competency for their later lives, and also to buy homes for themselves and to pay off incumbrances upon homes which they already possess. During the two years of the existence of our association great progress has been made, and many people have been benefited through it. Already over fifty poor families in our city have been assisted in buying and paying for homes for themselves, and several hundred others of our citizens have been assisted in forming a habit of saving their earnings, and in that way acquiring a competency. We would further show to your honorable bodies that the present law regarding the recording and taxation of mortgages is proving a very serious impediment to the success of our and similar organizations, and we seriously apprehend that if something be not done to relieve such organizations from the burdens imposed upon them by the present system of taxation, that their success will be seriously impeded, if the system will not be broken down altogether. That these beneficial institutions be not destroyed, but rather that

they may be fostered, encouraged and preserved, we would respectfully pray your honorable bodies that all such institutions in this State be relieved from the burdens of taxation. These organizations are composed almost entirely of persons to whom the very liberal law under which they are formed has held out hopes of gradually bettering their condition in life. The object is a worthy one and we believe it should not in any way be hindered. As tending to promote the welfare of building and loan associations, and to better the condition of our poorer classes through their assistance, we most respectfully petition your honorable bodies, favorably to consider and to make a law, a bill recently introduced into the House of Representatives by Mr. Aleshire, being file No. 264, House of Representatives No. 170.

BAY CITY, MICH., June 1, 1889.

Hon. Wm. Ball, Pres. of the Senate:

Columbus V. Tyler, Senator twenty-fifth district, died this morning.

F. E. TYLER.

Whereupon Senator Wisner offered the following resolutions:

WHEREAS, The Senate has received with unfeigned regret the announcement of the death of Hon. Columbus V. Tyler, a member of this body, who departed this life at his home in Bay City on Saturday last; therefore

Resolved, That this Senate deplore his decease as an upright and distinguished member of this body, an honest and devoted servant of the people, faithful to the interests of his constituents, and one who has left a stainless record in the public service.

Resolved, That in his death the Senate and State have lost an able, earnest and conscientious legislator and the people of the Twenty-fifth Senatorial district a firm and consistent advocate of these important interests.

Resolved, That these resolutions be spread upon the Senate Journal, a copy engrossed and sent to the widow and family of the deceased Senator, with the assurance that this body profoundly sympathize with them in their great bereavement; and

Resolved further, As a mark of respect to our deceased brother, that when the Senate adjourns, it adjourn to meet on Wednesday, the 5th day of June at 10 o'clock A. M., to give the Senate as a body an opportunity to attend his funeral which will take place at his home in Bay City at 3 o'clock P. M. tomorrow.

The question being on the adoption of the resolutions,

Senator Wisner addressed the Senate as follows:

MR. PRESIDENT—For the second time during this session the Grim Messenger has entered these halls and struck his deadly arrow into the heart of this Senate.

The somber emblems of mourning that a few days ago palled the canopy above your head have scarcely been removed ere kind hands are busy draping another chair with evidences of a people's grief. First a Lieutenant Governor, a chosen leader of his party, placed in position by a majority of the people of this great State, lays down his armor and falls before the only foe he could not meet. Now a Senator, in the prime of his maturity, in the full

power of his grand intellectual strength, whose ability and moral worth made him the chosen leader of one hundred thousand people, is stricken down. Mr. President, this is no time to moralize upon the wisdom and inscrutability of natural laws that alike affect the monarch and the serf, the President and the lowest of his appointees, the elected and the elector. Let us rather gather from this a lesson that each and every one of us should so perform our duty that, when the change shall come, willing hands and kind hearts will scatter flowers along the pathway imprinted by sorrowing feet as they convey us to the tomb.

Thirty-nine years ago, in the month of July, I first met Columbus V. Tyler. From that time when I, as a farmer boy, sought his advice, the cords of friendship and affection have been strengthened by each succeeding year, only to be strained, but, thank God, not severed, by the fatality of Saturday last. He had stuck his shingle in an obscure town in my county. As a disciple of Esculapius I had adopted as my patron saint the legal maxims of Lycurgus, both grand and heroic men, the production of a grand and heroic age. From that time for twenty years we were intimate friends. He succeeded in his profession, I obtained mediocrity in mine. But his encouragement and his advice, like a gleaming star at midnight, shone out to guide my footsteps and lead me on my perilous way. In 1869 he removed to Bay City. In 1863 I left the county where we had both resided so long, and came to Saginaw, where we frequently met. He had risen to the topmost round in his profession, and I will not at this time detain the Senate by enumerating the public positions he filled with honor to his constituents and credit to himself. Three times elected to this Senate by a constituency at once as cultured and enterprising as any in Michigan, is the best testimonial I can offer to his popularity and worth. As a citizen, public spirited; as a physician, honest and upright, whether in consultation or at the bedside of the dying. As a public officer, incorruptible and faithful to his trust; in his domestic life a kind husband and affectionate father; as a friend of humanity, faithful in every good word and work. And tomorrow, as we deposit his remains in the midst of the people he loved so well, the beating hearts and moistened eyes of hundreds of his friends of a lifetime will be better than any tribute I can pay to his memory. In politics, he was a Democrat. A Democrat by birth, observation, education, and conviction. He always struck an enemy above the belt, and never in his whole political life resorted to the base acts of the party trickster. Honor was his guiding star; and like a brave soldier he always held his canteen to the lips of a wounded and fallen foe. His partisanship always secured the respect of his political opponents.

Mr. President, it was a beautiful and sublime conception of Moore, clothed in poetic language, that when the Peri desired to enter Paradise she brought many noble gifts to propitiate the guardians of heaven. She brought the dying sigh of a patriot whose life-blood reddened the soil of liberty for which he fought. But the gates remained barred by angels' wings. She brought the kiss of a maiden imprinted upon the cheek of her lover, distorted with the venom of the plague. But angelic hosts refused her summons. Weary and discouraged she returned to earth, and with outspread pinions presented at heaven's gate the aspirations and life of one who spent his days in acts of charity and noble deeds, to benefit and elevate the condition of his fellow man, and the gates of heaven flew open at her behest. Let us believe that with

such an offering, embracing the record of a life, some angel will leave the gates ajar as our Senator and brother passes through them to an angel's home.

Senator Gorman then addressed the Senate (but without notes), speaking feelingly of the last illness of the deceased Senator, his deep interest in every detail of the Senate's work, his conscientious earnestness in all that pertained to the welfare of the State, and the anxiety he evinced, even to the last, for the performance of the duties which devolved upon him as a Senator but which he was fated never to discharge.

The question then being on the adoption of the resolutions,

The resolutions were unanimously adopted by a rising vote.

Mr. Ranney moved that Senators Wisner and Gorman be requested to furnish for publication in the Senate Journal the manuscript of their remarks.

Which motion prevailed.

Mr. Colgrove then moved that, as a further mark of respect to the memory of the deceased Senator, the Senate now adjourn.

Which motion prevailed.

The President *pro tem.* announced that the Senate would stand adjourned until Wednesday, June 5, 1889, at 10 o'clock A. M.

MESSAGES FROM THE GOVERNOR.

EXECUTIVE OFFICE, }
 Lansing, June 5, 1889. }

To the Honorable Senate and House of Representatives :

I avail myself of this the first opportunity when both houses are in session to call your attention, and through you the attention of the people of this generous State, to the unparalleled calamity which has befallen the people of Johnstown, Pa.

The afflicted ones cry aloud, not alone for human sympathy, but for material aid to relieve the wants and distresses of those who have in a moment been robbed of their all.

The public journals have so eloquently and pathetically described the existing conditions, that I need not recite them here. But I urge upon you the adoption of wise and judicious methods to aid in contributing to the relief of that stricken people, either by a direct appropriation or by a general appeal to the generosity of the humane citizens of this Commonwealth.

Your early consideration of this subject is earnestly invoked.

CYRUS G. LUCE,
Governor.

PRESENTATION OF PETITIONS.

No. 498. By Mr. Grosfield: Resolutions of Detroit Division No. 1, Brotherhood of Locomotive Engineers, and Standard lodge No. 158, Brotherhood of Locomotive Firemen, relative to arbitration of labor grievances.

On motion of Mr. Grosfield,

The resolution was read at length, and spread at large on the Journal, as follows:

To the Honorable, the Senate and House of Representatives of the State of Michigan in Legislature convened :

Joint resolutions adopted by Detroit division No. 1, Brotherhood of Locomotive Engineers and Standard Lodge No. 158, Brotherhood of Locomotive Firemen :

WHEREAS, A bill now pending in the State Legislature, known as "Senate bill No. 20," and providing for a board of arbitration on labor grievances to consist of the Railroad Commissioner and his two assistants, is understood to be presented at the urgent solicitation of the Brotherhood of Locomotive Engineers; therefore be it

Resolved, That we consider the bill a violation of the fundamental principles of arbitration; that we are in no way responsible for its being presented; and that we are opposed to its passage for the following reasons:

1. Because we believe it would be injurious to labor interests generally; and, in its operation, create rather than mitigate labor troubles.

2. Because we believe the establishment of such a power contrary to the spirit of American institutions.

3. Because we believe that the arbitrators not being directly responsible to the people would be liable to corruption.

4. Because we believe the existence of such a board would preclude just and unbiased arbitration that may be had in case of differences.

5. Because we believe that it is an imputation upon the intelligence of laboring classes, who would be under no obligation, moral or otherwise, to accept its decisions.

Resolved, That a copy of these resolutions be forwarded to each House of the Legislature, with the request that they be read during session.

PRESENTATION OF PETITIONS.

No. 500. By Mr. Leavitt: Memorial of the Boards of Trustees of the Michigan Asylum for the Insane, the Eastern Michigan Asylum and the Northern Michigan Asylum, relative to the inadvisability of returning to the county care of the insane.

On motion of Mr. Leavitt,

The memorial was read at length, and spread at large on the Journal, as follows:

To the Legislature of the State of Michigan:

Your memorialists, the Boards of Trustees of the Michigan Asylum for the Insane, the Eastern Michigan Asylum, and the Northern Michigan Asylum, now in joint session, respectfully desire to make the following statements relative to the inadvisability of returning to county care of the insane:

From the organization of the asylum at Kalamazoo in 1859 until the act of 1877, which provided for State support, pauper and indigent insane were supported exclusively by the counties where they severally had a legal settlement; from 1879, when the act of 1877 took effect, until the present time the coun-

ties have supported the pauper and indigent insane for two years in the asylums, after which time all such have been transferred to State expense.

What, in brief, was the design of the statute of 1877? First, to induce the county officers to send all their patients to State institutions early in the history of the disease—the most successful time for treatment—by offering to assume the burden of their support after two years; and second, to keep those suffering from incurable forms of mental disease out of the almshouses of the State.

(The workings of the two systems consequently are known and have been long enough in operation to enable one to draw intelligent comparisons as to the efficacy of each.)

The county system, so-called, is altogether inadequate for the care of insane patients. It provides unsuitable buildings, imperfectly heated and ventilated, makes no attempt at classification, does not effectually separate the sexes, provide insufficient food and merely nominal attendance. Nor is this all. Political influences frequently enter the county house and interfere with its successful management.

What has been the result of this system in the past? Great neglect and suffering among the insane. The recital of a few instances will serve to illustrate.

But few of the counties were prepared to take care for the insane at the time the system was in vogue. Almshouses were built for the poor, who required little more than food and shelter, and were often inadequate for these. The introduction of the insane to these houses rendered the inmates, both sane and insane, very uncomfortable, and their quarters hardly habitable owing to the filth, the noise and confusion, and the insanitary condition that existed. When patients became much disturbed and violent cells were prepared for them in the basements of some of the almshouses, and they were confined in them—cold, naked, filthy, and without beds excepting straw, on which to stretch their weary limbs. These cells were cleared out occasionally by irresponsible men, who, in more than one instance, washed the filth off naked women with cold water and a broom. Such was the care of some of the insane under the old regime. Patients escaped from their uncomfortable surroundings, wandered about the country and perished from cold and hunger, and their bodies were destroyed by wild animals.

But these were not all the evils that arose from poorhouse provision. A delicate and very respectable woman was removed from the asylum at Kalamazoo to a county house against the advice of the physician in charge. While there one of the male paupers, such as frequently infest countyhouses during the winter season, got access to her, and in due time she gave birth to a living child to swell the number of the dependent class. This patient was first admitted as a private patient at Kalamazoo, but her husband became impoverished, owing to poor health, and afterwards died. She thus became a county charge and was soon removed, with the history above given. Occurrences of this kind were not infrequent under the old county system, where no means of classification could be employed, and little or no oversight was possible.

Another evil may be mentioned, having direct bearing upon the welfare of the insane. The superintendents of the poor often placed the quiet and harmless in county poorhouses without regard to curability or incurability; but after they became troublesome and incurable, sent them to the asylum. Such cases today materially swell the number in our asylum wards.

Another evil in the county system should not be overlooked. County officers were in the habit of removing a large number of their patients to the almshouses without regard to their condition, simply to influence their re-election to office, by showing that the expense of the counties had been largely reduced during their term of office. Many of these patients were members of respectable families, and consequently were taken at once from the county house to their homes, there to destroy all the comforts of the family, as well as all prospects of recovery. There is no good reason to expect better care now than was given 25 years ago.

What has State provision done for this unfortunate class? It has erected large and commodious asylums, arranged for proper classification and separation of the sexes, has introduced the best known methods for heating and ventilating, and furnished all the appliances necessary for the comfort and welfare of patients. It has provided a corps of attendants to look after the inmates, physicians to give the necessary medical treatment, and a board of trustees to exercise general oversight and see that the designs of the institution are fully carried out. It has taken the insane out of the poorhouses and placed them in comfortable dwellings, restored many to health or so far improved their condition as to enable them to live at home and earn their own support. It has mitigated the suffering of others and made life endurable. It has removed the dependent insane from the political influences of the counties and made them wards of the State.

An argument against State hospitals is that they are expensive. The care and nursing of the sick are always expensive, and especially is this true of the insane that do not co-operate in any way in their treatment but often oppose all efforts made in their behalf, and are frequently destructive and uncleanly in their habits, requiring constant attention to keep them at all comfortable. Such patients cannot be cared for properly outside of our large hospitals for the insane for the reason that suitable accommodations and skilled medical attention cannot be secured.

Shall we refuse to give such unfortunates the care they require simply because it is more expensive, and in lieu thereof shut them up in cells, uncared for, wretched, there to remain until death comes to their relief? Let not the fact be overlooked that the daily cost of maintaining insane patients in asylums is less than the per diem allowance of most counties for the dieting of prisoners or tramps in the county jail, who are in good health and require no personal care.

It may be said by some that the disturbed, noisy, destructive and filthy patients should be treated in the asylums, while the more quiet should be cared for in county almshouses. If the county system were again in vogue, have we any assurance that a more wise and judicious discrimination would be made than previously existed? Would it not depend largely upon the intelligence and liberality of the county officers? But should a wise discrimination be made between the class sent to the asylum and the almshouse, would not the effect be to increase largely the per capita rate per week of those placed under asylum treatment, so much as to discourage the admission of all, excepting those whom it is impossible to care for elsewhere. The fact that patients can be treated in the asylums at \$3.50 per week is due to the large number under treatment, embracing the quiet and passive as well as those more violent and destructive.

The statement that more patients are in the asylums than would be

if supported at the expense of the counties, is probably true; but from what is stated above, does it appear that the interests of the insane would be as well subserved? The few imbeciles that are in the asylum were, at the time of admission, so violent and difficult to care for that the only other resorts were the jails and prisons of our State.

If there are patients in the asylums that can be cared for in county receptacles and be made comfortable, the trustees are authorized to direct the removal of such, to make room for more urgent cases; but to change the organizing act to effect this, is neither necessary nor wise.

Looking upon the provision for the insane simply from an economical aspect, would it in the end be cheaper to support them in the county houses than in the State asylums? The impression is that it would not. If turned over to the various counties, buildings would ultimately be erected, the aggregate cost of which would build State institutions, sufficient to meet all requirements, and what would be saved in food, fuel, furniture and personal care, would be lost by the destructive habits of patients uncared for and unfed in the county receptacles.

But there is a moral as well as an economical question at issue in caring for the insane, which ought to show us that the necessities of this class of sufferers should be met, even if the burden to the tax-payer is heavy.

If the bill now pending before the House (file 218) should become a law, it will carry us back twenty-five years in the care of the insane. And while it does not provide that the insane shall be relegated to the almshouses of the State, it is obvious that its practical working will be to eventually remove all the insane, excepting the disturbed and violent classes, to the almshouses. Experience has abundantly shown that the insane cannot be properly cared for in such establishments. Any standard of care established would soon deteriorate for lack of interest and oversight.

Who of our citizens will suffer most by returning to the county system? Not the rich, but the poor—the working classes—farmers, mechanics, teachers and those laboring for the benefit of mankind—the very classes whose interests we should foster and protect; for upon them the welfare of the State and nation largely depends. In fact, one-half, if not two-thirds, of all the people in our State will in some way, directly or indirectly, be distressed by a return to the county system. The asylums would become asylums for the rich and well-to-do; the poor will have no place in them. The patients themselves will suffer the most. Many of them are cultivated and refined and accustomed to pleasant surroundings and home comforts. They have never been paupers, and should not suffer the unmerited calamity of being sent to county almshouses.

The idea that the State system stimulates placing the greatest number of insane in asylums, and thus makes the expense of supporting the pauper insane greater in consequence, is in a measure true. But is not this commendatory of the system? A return to the county system would inevitably send to almshouses, to private homes and to jails many insane persons who ought to be in asylums, there to receive the most enlightened treatment looking to their restoration to health. Which of the two would be the greater evil? With boards of trustee and competent officers abuses likely to arise can be easily and efficiently corrected under our present statutes. In any event they are few as compared with those which will surely follow the county system.

Perhaps a few of those in the asylums could be cared for at home among friends if they had any, but in poorhouses they would soon degrade and be-

come troublesome lunatics, dangerous to the community and expensive to the counties.

If the insane require the food they receive in the asylum to sustain their physical health, or the attendance necessary to keep up their self-respect and an observance of the ordinary proprieties of life, can this great State, with its wealth and resources, afford to deprive them of it?

The colony system adopted by the legislature two years since removes the necessity of erecting large and expensive asylums for years to come. The colony house to accommodate 30 or 40 patients can be erected at small expense. It can be multiplied as the necessities of the institution may require. The expense for building them need not exceed that of the ordinary almshouses. The cost for board and attendance will be reduced as the labor of patients thus colonized can be more fully utilized and the system more thoroughly organized. The number of attendants required for these patients will be much less than for those in the ordinary asylums.

It is assumed: First, That insane persons cannot be cared for properly in county almshouses, that insufficient care will constantly degrade them, while in the asylums their condition will constantly improve. Mark the improvement in the past four or five years in the treatment of the insane in our asylums. Methods are now employed that once were thought impracticable, if not impossible, which have added greatly to the comfort and welfare of the insane.

Second, That politics should not control the management of our institutions any more than our churches. If once permitted to enter, the institutions will soon be run in the interest of the politician and not in the interest of the patient.

It is also safe to say that the insane can be cared for better in our organized asylums than in any other way known to the profession or the public, under the existing laws, with no direct political influences affecting their management.

In speaking of the law of 1877, the late Dr. Ray, of Philadelphia, eminent as an alienist and author, remarked, "It is too good to last." Ten years have elapsed since it went into operation, and it has fully met the expectations of its warmest advocates. With few exceptions the insane have been placed readily under treatment, the rate of maintenance has been steadily reduced, while the standard of treatment has steadily improved.

Not one of the older States in the Union has spent less and provided more with its money for its insane than Michigan, and few States can boast of better results. Men competent to judge, both at home and abroad, have recognized this fact. Ought we, under such circumstances, to give up what the wise and good approve, to return to a system that all sooner or later will deplore?

Mr. Colgrove rose to a

QUESTION OF PRIVILEGE,

Which he stated as follows:

"MR. PRESIDENT,—I rise to a question of privilege. When I took up the Evening News last night, I discovered that both editions of yesterday had an alleged interview with me, which I desire to assure you, Mr. President, and fellow Senators, was a great revelation to me, as I think it was to my friends. I think I would be less than a man if I did not take this opportunity of stating to this Senate that the serious and objectionable features of the interview are maliciously false; and I measure my words when I use the term 'maliciously false.'

"Yesterday morning, or the day before, I was in the House. I went in to see Representative Swift in regard to a bill pending in the Senate known as the amendment to the drain laws, and while there I fell into conversation with Representatives Dyer, Williams and Swift—the reporter of the Evening News sitting near.

"During the conversation something was said by Representative Williams about excluding lobbyists from the House. I said to Representative Williams that I thought it would be advisable for such a resolution to be passed in the Senate, and that if such a resolution had been passed early in the session, it would have shortened up the session. After our conversation, the reporter called me to a seat by Mr. Brown, and asked me if I had any objection to his stating in the Evening News that, in my opinion, the session would have been shortened if lobbyists had been excluded from the Senate. I told him I had no objection. In this conversation, I think I used the expression 'excluding Mr. Langdon and others;' and I wish to say here that I did not state what this interview alleges in regard to Mr. Langdon. I think it is well known among the Senators that he has been the most harmless of any lobbyist on the floor of this Senate. The reporter asked me if I had ever been approached by Mr. Langdon, and I said, 'No, sir, nor by any one else.' All I had seen of Mr. Langdon was in the cloak room occasionally, when if a gentleman entered and had no cigar he was courteous enough to hand him one. I would care little about this were it not for the fact that it is commonly known that Mr. Langdon has done as little on this floor as any one who has been here. And I think it is a conundrum to some what the gentleman has been here for. He

has been here I learn to attend to a case pending in the Supreme Court, in which his own and his family interests are at stake. I do not think that any one can point to one solitary thing that Mr. Langdon has done unbecoming a gentleman. I say this in justice to this unfortunate man. It is a notorious fact that Mr. Langdon's reputation has been questioned in connection with this suit now pending. I mentioned his name merely in connection with others, and said they should *all* be excluded. When the interview stated that I said I had seen money flow like 'milk and honey,' it said what was maliciously false, and the reporter cannot say that I made such a statement and go unpunished. And I would say that this interview, which is a pretended puff for me at the expense of my fellow Senators, is not appreciated. During the months past I have never seen or known anything but honest legislation. And I do not believe that a man on the floor of this Senate has ever been approached by any man with money or bribery of any kind. I do not believe any man could be approached in such a way. I say I do not *believe*; I *know* it. And when this interview comes from a member of your own body with a statement that I have seen these things go on, it is an outrage to you and a still greater outrage to me.

"I had hoped that when this Senate closed I would have earned and be entitled to the respect of every man on the floor of the Senate, but if that interview were true, I certainly should have waived it. I take this opportunity to assure you that this interview is not correct. This interview is the child of a mind that has been bent on sensation ever since this Legislature opened. With these remarks I will yield the floor, assuring you that what I have said is true; that Representatives Swift, Williams and Dyer all know that these are the facts.

"I am not the only one complaining of being misquoted and unfairly dealt with by the News or its reporter. Representative Signal was at my table a moment ago and tells me the interview with him appearing in the same paper was maliciously false and that he should commence suit against that paper. A number of others, including Representative Alexander, are making the same complaint, and no one knows who will be the next victim—for with the News the innocent and guilty suffer alike."

The Temporary President announced that the question of privilege would be spread at large on the Journal.

The penal provisions of this act shall not apply to druggists, who have a license under the provisions of this section, to sell any of the liquors enumerated in section 1 of this act, for chemical, scientific, sacramental, medicinal and mechanical purposes, and who sell in strict compliance with law. In townships the township board, in villages the president and board of trustees, or the common council as the case may be, and in cities the mayor and common council shall have power to issue licenses to druggists to sell the liquors enumerated in this act, within their respective jurisdictions, for chemical, medicinal, scientific, sacramental and mechanical purposes, but for no other purpose whatever, whenever application therefor shall be made by petition and sworn to by the applicant and filed with the township, village or city clerk or recorder, as the case may be, of the township, village or city in which such druggist pro-

The sum of one dollar shall be paid to the township, village or city clerk for such license, before the same is issued, and said license shall be signed by the presiding officer and clerk or recorder of said boards, as the case may be, and shall be for a term ending on the first day of May next ensuing. Such license may be revoked and cancelled by the authority granting the same, whenever the holder of such license shall have been found guilty by any court of competent jurisdiction of violating any of the provisions of this act, whether relating to his business as druggist or not, and from the time such license shall be revoked, the holder shall have no right to sell any of the liquors aforesaid for any purpose. It shall not be lawful for any such druggist, nor for any person whose business consists in whole or in part of the sale of drugs and medicines directly or indirectly, by himself, his clerk, agent or employee, at any time, to sell, furnish, give, or deliver, any spirituous, intoxicating, malt, brewed, fermented, or vinous liquor, or any mixed liquor, a part of which is spirituous, intoxicating, malt, brewed, fermented or vinous, to a minor, except for medicinal or mechanical purposes on the written order of the parent or guardian of such minor, nor to any adult person whatever, who is at the time intoxicated, nor to any person in the habit of getting intoxicated, nor to any person when forbidden in writing so to do by the husband, wife, parent, child, guardian, or employer of such person, or by the supervisor of the township, mayor, director of the poor, or any supervisor or alderman of the city, or president or trustee of any village, or superintendent of the poor of the county in which such person shall reside or temporarily remain, nor to any other person to be used as a beverage, nor to any person to be drank on the premises, nor to be mixed and drank with any beverage drawn from a soda fountain or other apparatus or device for dispensing aerated or other beverages; but such druggist shall be allowed to sell said liquors for medicinal, chemical, scientific, mechanical and sacramental purposes only, without the payment of any tax specified in section one, and subject to the following restrictions and conditions: Every such dealer in drugs and medicines shall procure from the treasurer of the county in which he is carrying on said business and keep a suitable quarter-yearly record book and keep the same, in which shall be recorded in ink by said druggist, his clerk or employe, all the applications for and sales and gifts of any spirituous, intoxicating, malt, brewed, fermented or vinous or mixed liquors for any purpose whatsoever, together with the full name or names of the person or persons applying for such liquor or liquors as aforesaid, the date of each application, sale or gift, the amount and kind of liquor applied for and sold and given away to each and every person and the purpose for which the same was to be used. The aforesaid application shall be filled out by the druggist, his clerk or employe, and countersigned by the druggist, his

clerk or employe, and in case a written or printed, or partly written and partly printed order be received for any of the aforesaid liquors, such druggist, his clerk or employe, shall attach the same to said record book in its regular order of receipt and sale, and shall countersign such order the same in all respects as if it were an application as before described. Such record book shall be kept in a conspicuous place in said store, and at all times be subject to public inspection, and every three months the druggist shall deliver said record book of applications and sales or gifts to the clerk of the township, village or city in which the store of such druggist is located, and shall at the same time securely and firmly attach to said record book an affidavit sworn to before some person authorized to administer oaths, which said affidavit shall be signed and sworn to by himself and by every person in his employ who has during the preceding month sold, delivered, furnished or given away any of the liquors in this section heretofore mentioned; and said affidavit shall declare that the applications and orders, sales and gifts of spirituous, intoxicating, malt, brewed, fermented or vinous or mixed liquors recorded within the record book to which the affidavit is attached, include all the sales or gifts of any such liquors aforesaid, and the full names of the persons to whom sold, together with the purposes to which the same was to be applied, made at the store of the affiant during the month last past ending on the -----day of -----18---. And that the affiants have not sold any liquors as aforesaid to any person or persons to be drank on the premises, nor to be mixed and drank with any beverage drawn from a soda fountain or other apparatus or device for dispensing aerated or other beverage. Said record book shall be placed and remain on file in the office of said township, village, or city clerk, and shall be open to public inspection, and in all courts of law shall be taken as *prima facie* evidence of the applications and sales or gifts therein specified and recorded. Any such druggist, clerk or employe who shall in any manner or respect willfully make a false or fraudulent entry or record in any such record book, or neglect to record any sale of liquors made by him, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty dollars nor more than two hundred dollars, or by imprisonment in the county jail not less than thirty days nor more than ninety days, or by both such fine and imprisonment, in the discretion of the court; and any such druggist, clerk, or employe, who shall in any manner or respect willfully make a false or fraudulent affidavit in relation thereto shall be deemed guilty of perjury, and subject to the pains and penalties therefor, and any person contemplated by this act who shall fail, neglect or refuse to make return as provided above to the township, village or city clerk within five days after the time as specified, shall, upon proper conviction before any court of competent jurisdiction, be fined in any sum not less than one hundred, nor more than three hundred dollars, or be imprisoned in the county jail not less than thirty nor more than ninety days, or both such fine and imprisonment, in the discretion of the court. Any person or persons who shall procure or attempt to procure any liquor as mentioned in this act by fraudulent statements or by misrepresentations, shall be deemed guilty of a misdemeanor, and upon conviction thereof before any court of competent jurisdiction shall be punished by a fine of not less than fifty nor more than two hundred dollars, or by imprisonment in the county jail not less than thirty nor more than ninety days, or both such fine and imprisonment, in the discretion of the court. And it shall be the duty of the Auditor General to prepare record

blanks conforming to the provisions of this section, and to furnish the same in proper quantities to the several county treasurers of this State; which said record blanks shall be furnished by the said county treasurers, in proper quantities, to the several dealers in drugs and medicines authorized to do business under the provisions of this section, upon application in writing made by said dealer in drugs and medicines. And such druggist shall, on or before the first day in May in each year, or before commencing business, execute and file with the county treasurer of the county in which he is carrying on such business, a bond, the sufficiency of which shall be determined by the township board of the township, or the board of trustees, or the council or common council of the village or city in which such business is proposed to be carried on, to the People of the State of Michigan, in the sum of two thousand dollars, with two or more sufficient sureties, who shall be freeholders and residents of the county in which such business is proposed to be carried on, each of whom shall justify in a sum equal to the amount of the bond, over and above all indebtedness, and all exemptions from sale on execution and all liability on other similar bonds, which bond shall be substantially in the following form:

Know all men by these presents, that we.....as principal.....and.....as sureties are held and firmly bound unto the People of the State of Michigan in the sum of two thousand dollars, to the payment whereof, well and truly to be made, we bind ourselves, our heirs, executors and administrators, jointly and severally, firmly by these presents.

It shall not be lawful for any such druggist, nor for any person whose business consists in whole or in part of the sale of drugs and medicines, directly or indirectly, by himself, his clerk, agent or employee, at any time, to sell, furnish, give or deliver any spirituous, intoxicating, malt, brewed, fermented or vinous liquor, or any mixed liquor, a part of which is spirituous, intoxicating, malt, brewed, fermented or vinous, to a minor, except for medicinal or mechanical purposes, on the written order of the parent or guardian of such minor, nor to any adult person whatever, who is at the time intoxicated, nor to any person in the habit of getting intoxicated, nor to any person when forbidden in writing so to do by the husband, wife, parent, child, guardian, or employer of such person, or by the supervisor of the township, mayor, director of the poor, or any supervisor or alderman of the city, or president or trustee of any village, or superintendent of the poor of the county in which such person shall reside or temporarily remain, nor to any other person to be used as a beverage, nor to any person to be drank on the premises, nor to be mixed and drank with any beverage drawn from a soda fountain or other apparatus or device for dispensing aerated or other beverages; but such druggist shall be allowed to sell said liquors for medicinal, chemical, scientific, mechanical and sacramental purposes only, without the payment of any tax specified in section one, and subject to the following restrictions and conditions:

Every such dealer in drugs and medicines shall procure from the treasurer of the county in which he is carrying on said business suitable record books and shall keep the same, in which shall be recorded in ink by said druggist, his clerk or employee, all the applications for and sales and gifts of any spirituous, intoxicating, malt, brewed, fermented or vinous or mixed liquors for any purpose whatsoever, together with the full name or names of the person or persons applying for such liquor or liquors as aforesaid, the date of each application, sale or gift, the amount and kind of liquor applied for and sold and given away to each and every person and the purpose

for which the same was to be used. The aforesaid application shall be filled out by the druggist, his clerk or employee, and countersigned by the druggist, his clerk or employee, and in case a written or printed, or partly written and partly printed order be received for any of the aforesaid liquors, such druggist, his clerk or employee shall attach the same to said record book in its regular order of receipt and sale, and shall countersign such order the same in all respects as if it were an application as before described.

Such record book shall be kept in a conspicuous place in said store, and at all times be subject to public inspection. On the first day of May annually, or within five days thereafter, the druggist shall deliver said record book of applications and sales or gifts to the clerk of the township, village or city in which the store of such druggist is located, and shall at the same time securely and firmly attach to said record book an affidavit sworn to before some person authorized to administer oaths, which said affidavit shall be signed and sworn to by himself and shall state that he has not, and to the best of his knowledge and belief his employees have not, during the preceding year, sold, delivered, furnished or given away any of the liquors in this section heretofore mentioned; and said affidavit shall declare that the applications and orders, sales and gifts of spirituous, intoxicating, malt, brewed, fermented or vinous or mixed liquors recorded within the record book to which the affidavit is attached, include all the sales or gifts of any such liquors aforesaid, and the full names of the persons to whom sold, together with the purposes to which the same was to be applied, made at the store of the affiant during the year last past ending on the thirteenth day of May, 18...

And that the affiants have not sold any liquors as aforesaid to any person or persons to be drank on the premises, nor to be mixed and drank with any beverage drawn from a soda fountain or other apparatus or device for dispensing aerated or other beverage. Said record book shall be placed and remain on file in the office of said township, village or city clerk, and shall be open to public inspection, and in all courts of law shall be taken as *prima facie* evidence of the applications and sales or gifts therein specified and recorded. Any such druggist, clerk or employee who shall in any manner or respect willfully make a false or fraudulent entry or record in any such record book, or neglect to record any sale of liquors made by him, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty dollars nor more than two hundred dollars, or by imprisonment in the county jail not less than thirty days nor more than ninety days, or by both such fine and imprisonment, in the discretion of the court; and any such druggist who shall in any manner or respect willfully make a false or fraudulent affidavit in relation thereto shall be deemed guilty of perjury, and subject to the pains and penalties therefor, and any person contemplated by this act who shall fail, neglect or refuse to make return as provided above to the township, village or city clerk within five days after the time as specified, shall, upon proper conviction before any court of competent jurisdiction, be fined in any sum not less than one hundred nor more than three hundred dollars, or be imprisoned in the county jail not less than thirty nor more than ninety days, or both such fine and imprisonment, in the discretion of the court.

Any person or persons who shall procure, or attempt to procure, any liquor as mentioned in this act by fraudulent statements or by misrepresentations, shall be deemed guilty of a misdemeanor, and upon conviction thereof before

any court of competent jurisdiction shall be punished by a fine of not less than fifty nor more than two hundred dollars, or by imprisonment in the county jail not less than thirty nor more than ninety days, or both such fine and imprisonment, in the discretion of the court. And it shall be the duty of the auditor general to prepare record and permit blanks conforming to the provisions of this section, and to furnish the same in proper quantities to the several county treasurers of this State; which said record and permit blanks shall be furnished by the said county treasurers, in proper quantities, to the several dealers in drugs and medicines authorized to do business under the provisions of this section, upon application in writing made by said dealer in drugs and medicines.

And such druggist shall, on or before the first day in May in each year, or before commencing business, execute and file with the county treasurer of the county in which he is carrying on such business, a bond, the sufficiency of which shall be determined by the township board of the township, or the board of trustees, or the council or common council of the village or city in which such business is proposed to be carried on, to the people of the State of Michigan, in the sum of two thousand dollars, with two or more sufficient sureties, who shall be freeholders and residents of the county in which such business is proposed to be carried on, each of whom shall justify in a sum equal to the amount of the bond, over and above all indebtedness, and all exemptions from sale on execution and all liability on other similar bonds, which bond shall be substantially in the following form:

Sealed with our seals and dated thisday of.....18....

WHEREAS, The above named principal proposes to carry on the business of a druggist at....., in the county of

AND WHEREAS, The said principal hath covenanted and agreed, and doth hereby covenant and agree as follows, to-wit: That he will not directly or indirectly, by himself, his clerk, agent or employee, at any time sell, furnish, give, or deliver any spirituous, intoxicating, malt, brewed, fermented or vinous liquor, or any mixed liquor, a part of which is spirituous, intoxicating malt, brewed, fermented or vinous, to a minor, except for medicinal or mechanical purposes, on the written order of the parent or guardian of such minor, nor to any adult person whatever who is at the time intoxicated, nor to any person in the habit of getting intoxicated, nor to any person when forbidden in writing so to do by the husband, wife, parent, child, guardian, or employer of such person, or by the supervisor of the township, mayor or director of the poor of the city, or superintendent of the poor of the county in which such person shall reside or temporarily remain, and that he will not sell any such liquor to be drank on the premises, nor to be mixed and drank with any beverage drawn from a soda-fountain or other apparatus or device for dispensing aerated or other beverages; that he will sell such liquors for chemical, scientific, medicinal, mechanical and sacramental purposes only, and that he will pay all damages, actual and exemplary, that may be adjudged to any person or persons for injuries inflicted upon

him or them, either in person or property, or means of support, by reason of his selling, furnishing, giving or delivering any such liquors contrary to the provisions of this act. Now the condition of this obligation is such that if said principal shall well and truly keep and perform all and singular the foregoing covenants and agreements, and shall pay any judgment for actual or exemplary damages which may be recovered against him in any court of competent jurisdiction, and all fines and costs that may be imposed upon him for violations of this act, then this obligation shall be void and of no effect; otherwise the same shall be in full force and effect.

MESSAGES FROM THE HOUSE.

The President *pro tem.* announced the following:

HOUSE OF REPRESENTATIVES, }
Lansing, June 28, 1889. }

To the President of the Senate:

SIR—I am instructed by the House to return to the Senate the following bill:

Senate bill No. 121 (file No. 49), entitled

A bill to prescribe the manner of conducting, and to prevent fraud and deception at general elections in this State,

And to inform the Senate that the House has amended the bill so as to read as follows:

A bill to prescribe the manner of conducting, and to prevent fraud and deception at general elections in this State.

SECTION 1. *The People of the State of Michigan enact*, That at all general elections the supervisor, the justice of the peace not holding the office of the supervisor or town clerk, whose term of office will first expire, and the township clerk of each township, and the assessor and alderman of each ward in a city, or if in any city there be not an assessor in every ward, then the two aldermen of each ward shall be the inspectors of election, two of whom shall constitute a quorum: *Provided*, That in the voting precincts of all cities when by special enactment provisions already exist for designating inspectors of election, such provision is not to be superseded, but such officers shall be the election inspectors under this act.

Sec. 2. In case such inspectors shall not attend at the opening of the polls, or shall not remain in attendance during the election, the electors present may choose, *viva voce*, such number of such electors as, with the inspector or inspectors present, shall constitute a board of three in number; and such electors so chosen shall be inspectors of that election during the continuance thereof.

Sec. 3. The township clerk, if present, shall be required by the board to act as a clerk of the election, and before the opening of the polls the inspectors in each township shall appoint another competent person to be clerk of the election; and if the township clerk shall not be present, the board shall appoint two such clerks, and the inspectors in each ward or voting precinct in a city shall appoint two competent persons to be such clerks; and each of

the clerks so appointed, and each of the inspectors so chosen, shall take the constitutional oath of office, which oath either of the inspectors may administer.

Sec. 4. The polls of the election shall be open at seven o'clock in the forenoon, or as soon thereafter as may be, on the day of election, and shall be continued open until five o'clock in the afternoon of the same day, and no longer, but the board may adjourn the polls at twelve o'clock noon for one hour, in their discretion, but the inspectors of election shall cause proclamation to be made (upon opening the polls, and shall also cause proclamation to be made) of the closing of the polls, one hour, thirty minutes, and fifteen minutes before the closing of the polls.

Sec. 5. There shall be provided and kept by the township clerk in each township at the expense of such township, and in each ward or voting precinct of any city by the assessor thereof, at the expense of the city, one or more suitable ballot boxes, with lock and key, which ballot box shall have an opening through the lid of the proper size to admit a single closed ballot, through which each ballot received shall be inserted; and shall also furnish a township or ward election seal, which shall contain the name of the township or ward and the words "election seal" around the margin thereof, and such other words or device thereon as the township board of the township or common council of the city may desire.

Sec. 6. Before opening the poll, the ballot box shall be examined, that nothing may remain in it; and it shall then be locked and the key thereof delivered to one of the inspectors, to be designated by the board; and the said box shall not be opened during the election, except as provided by existing law in case of adjournments.

Sec. 7. When the supervisor shall be one of the board, he shall be chairman thereof; but if he be absent, such one of their number as the inspectors shall appoint, shall be chairman.

Sec. 8. At every general or special election held in this State after the passage of this act, each elector shall vote by ballot, and shall, in full view, deliver to the chairman of the inspectors of election a single ballot or ticket, on which shall be written or printed, or partly written and partly printed, the names of the persons voted for, with proper designation of the office which he or they may be intended to fill. No ballot or ticket shall bear upon the outside thereof any impression, device, color or thing designed or liable to distinguish such ballot or ticket from other legal ballots or tickets, whereby the same may be known or designated. No ticket shall be used at any such election or circulated on the day of such election, unless furnished by the Secretary of State for such purpose; and it is hereby made the duty of the Secretary of State to procure and furnish on application and payment to him of the actual cost with ten per cent. added thereto by the State central committee, county or other managing committee of any political party or organization in this State, such quantity or amount of ballots to be used at such approaching elections, as may be deemed necessary or convenient, all ballots to be of the same width and length.

Sec. 9. It shall hereafter be the duty of the State central committee, county committee, or other managing committee of any political party or organization in this State before each election in this State, to prepare and adopt by engraving or otherwise a ticket vignette or heading, with an appropriate inscription, to be printed at the top

of the ticket of the party, on the inside thereof, as a distinctive and characteristic heading thereto. Such vignette or heading shall not be more than 2 inches high by $4\frac{1}{2}$ inches wide, and in addition to the device adopted, shall set forth legibly, the fact that the ticket is the regular ticket of the party with the name thereof. It shall also show the congressional, senatorial and representative districts, and county where such ticket may be lawfully voted.

SEC. 10. When such vignette and inscription shall have been adopted and prepared, an impression of the same, followed by the regular ticket of such party, printed so as to constitute a lawful election ballot, and sealed up in an envelope, shall be filed with the county clerk of the county where such election is to be held, at least ten days before the opening of the polls at such election. Such ballot shall be kept by such clerk on deposit, and from the time of said filing it shall be unlawful for any person to imitate, copy or in any manner counterfeit the same. Any person violating the foregoing provision shall, upon conviction thereof, be punished by a fine not exceeding one thousand dollars or by imprisonment in the State prison for the term not exceeding one year, or both, in the discretion of the court.

SEC. 11 Any person who shall knowingly print, circulate, distribute or cause to be distributed any ticket or tickets, ballot or ballots having thereon the vignette or any imitation of the vignette, or inscription of any ballot or ticket so filed with the county clerk, but containing the name or names of any candidate or candidates other or different from the name or names upon the ballot or ticket of such party so filed or deposited with said clerk, or who shall intentionally destroy or carry away any ballot or ballots except for his own use in voting which shall have been furnished by the inspectors of election for such purpose shall, upon conviction thereof, be punished by a fine not exceeding one thousand dollars or by imprisonment in the State prison not exceeding one year, or by both such fine and imprisonment at the discretion of the court: *Provided*, That nothing in this act shall be construed to interfere with the right of any elector to erase or insert any name or names upon such ticket, if done in writing, or by printed slips by the elector himself.

SEC. 12. Before any ballot shall be delivered to the inspectors of election it shall be folded by the voter so that the name written or printed thereon cannot be seen. The chairman of the board of inspectors to whom such ticket or ballot may be delivered shall, upon receipt thereof place a rubber band around said ticket and pronounce in an audible voice, the name of the elector, and if no objection shall be made to him, and the said inspectors are satisfied that the elector is legally qualified according to the constitution and laws of this State, to vote at said election, he shall immediately put the ticket or ballot in the box without inspecting the names written or printed thereon, without unfolding the same.

SEC. 13. Each of the clerks shall keep a poll list, which shall contain the names of all the electors voting at such election.

SEC. 14. At each adjournment of the poll, the clerks shall, in the presence of the inspectors, compare their respective poll lists, compute and set down the number of votes, and correct all mistakes that may be discovered, according to the decision of the board, until such poll lists shall be made in all respects to correspond.

The key shall then be delivered to one of the inspectors, the box to another, and the seal to another of the inspectors. Such box shall not be opened nor the seal broken until the box has been publicly exposed at least five minutes before the opening of the polls.

SEC. 16. The inspector having the key shall keep it in his possession, and deliver it again to the board at the next opening of the poll, and the inspector having the box shall carefully keep it without opening or suffering it to be opened, or the seal thereof to be broken or removed, and shall publicly deliver it in that state to the board of inspectors at the next opening of the poll, when the seal shall be broken and the box opened, the poll lists taken out, and the box again locked.

SEC. 17. At every election, each of the political parties shall have the right to designate and keep a challenger at each place of voting who shall be assigned such position immediately adjoining the inspectors of election, inside the polling place, as will enable him to see each person as he offers to vote, and who shall be protected in the discharge of his duty by the inspectors of election and of the police; and authority, signed by the recognized chairman or presiding officer of the chief managing committee of a party in such county or township, city, village, ward or voting precincts shall be sufficient evidence of the right of such challenger to be present inside the room where the ballot box is kept. The chairman appointing any challenger may, at his discretion, remove any challenger appointed by him. The challenger so appointed and admitted to the room where such ballot box is kept, shall have the right and privilege of remaining during the canvass of the votes and until the returns are duly signed and made.

Sec. 18. If any person offering to vote shall be challenged as unqualified by any inspector, or any elector entitled to vote at that poll, the chairman of the board of inspectors shall declare to the person challenged the constitutional qualifications of an elector; and if such person shall state that he is a qualified elector, and the challenge is not withdrawn, one of the inspectors shall tender to him such one of the following oaths as he may claim to contain the grounds of his qualifications to vote:

1. "You do solemnly swear [or affirm] that you are twenty-one years of age, that you are a citizen of the United States, that you have resided in this State three months next preceding this day, and in this township (ward or voting precinct as the case may be) ten days next preceding this day, and that you have not voted at this election;" or,

And if such person so challenged will take either of the above oaths, his vote shall be received; but if such person shall therein swear falsely, upon conviction thereof he shall be liable to the pains and penalties of perjury.

Sec. 19. It shall be the duty of each inspector to challenge every person offering a vote, whom he shall know or suspect not to be duly qualified as an elector; and the board of inspectors shall possess full authority to maintain regularity and order, and to enforce obedience to their lawful commands during an election, and during the canvass and estimate of the votes, after the poll is closed.

Said railing shall also contain an exit gate at a convenient place for voters to pass out.

"SENATORS—Before putting the motion to adjourn I desire to return to the the Senators my sincere thanks for their uniform kindness and forbearance to me as presiding officer during this long session which is about to close.

"Words can only feebly convey my feelings in thus trying to perform my last duty as President *pro tem.* of the Senate. No Senator could have more keenly felt the delicacy of the position I have been called upon to fill than myself—a position made possible by the death of Lieutenant Governor Macdonald. Many errors have been made, but they have been errors of judgment, not of desire.

"I also want to thank you, Senators, for your resolution of confidence and commendation which you passed this afternoon with so much hearty unanimity. I appreciate it very highly, and shall always regard it as the most pleasant recognition of my life.

"Of the legislation accomplished I will not speak, for it would in part be speaking of my own work. With you I take the responsibility. The future will decide whether our work has been well or illy done.

"I wish also to cordially thank the Secretary of the Senate, Mr. Miller, the Assistant Secretary, Mr. Alward, and his bill clerk, Mr. Baxter, for their uniform kindness and courtesy, but more particularly Secretary Miller, whose good judgment and knowledge of parliamentary proceedings have greatly assisted me in the discharge of my duties while in the chair. I also thank the officers and employees of the Senate for their good will and respect, and for the faithful discharge of their duties. I wish to commend the general good conduct and efficiency of the messenger boys, all of whom have done well, and are worthy the confidence of those for whom they have performed their duties. To all I say again, I thank you more than words can express, and bid you a hearty good bye.

The motion to adjourn then prevailed.

ERRATA IN THE RECORD OF BILLS.

[Minor errors are not noted ; only such as affect the record of bills in their consideration by the Senate. The corrections are all made upon the authority of the records kept by the bill clerk, under supervision of the secretary.]

The tabling of S. B. 21 (file 7), "to provide for the appointment of an assistant prosecuting attorney for the county of Allegan," pending its third reading, should appear in the Journal of Feb. 12, page 179, under the order of "third reading of bills."

On the Journal of Feb. 19, page 274, after the roll call on the passage of S. B. 7 (file 26) "to legalize certain bridge bonds issued by the county of Bay," the entry, "Title agreed to," should appear.

On page 530, the first motion, made by Mr. Chapman, should read :

"On motion of Mr. Chapman,

"House bill No. 29 (file No. 40), entitled

"A bill to authorize the formation of corporations for the purchase and improvement of grounds to be occupied for summer homes, for camp meetings, for meetings of assemblies or associations, and societies organized for intellectual and scientific culture, and for the promotion of the cause of religion and morality, or for any or all of such purposes,

"Which passed the Senate March 13, 1889, [p. 475] by a vote of two-thirds of all the Senators-elect, was ordered to take immediate effect."

On page 587, after the roll call on S. B. 92 (file No. 30), insert "Title agreed to."

On page 648, the title of H. J. R. 16 is omitted, viz: "Joint resolution to refund to Ruth Ann June money paid by her for the purchase price of land purchased of the State and resold by the State to other parties."

In the record of H. B. 301 (file No. 228), entitled "A bill to empower the common council of the city of Detroit to borrow money for the purpose of improving the boulevard," two errors occur. The bill was received (p. 630) and read a first and second time by its correct title and was reported (p. 776) by its correct title; but in the record of its consideration in general order (p. 736) and in special order and final passage (pp. 807, 818) the title of H. B. 20 (file No. 229), is entered on the Journal, while the correct numbering of H. B. 301 (file No. 228), the bill really under consideration is given.

On page 707, the title to S. B. 296 is erroneous. It should be "A bill to provide for the preservation of the monuments of the survey of the boundary line between Michigan and Ohio, and between Michigan and Indiana."

On page 764, after the roll-call on H. B. 397 (file No. 121) insert "Title agreed to."

On page 784, at the bottom of the page, after the House message transmitting H. B. 411 (file No. 259), "to provide for the penalty of death in certain cases," insert "The bill was read a first and second time by its title and referred to the committee on judiciary."

On page 811, lines 10 and 11, the vote reconsidered was not the passage of the bill, but the vote by which the Senate concurred in the House amendments to the bill, on page 767.

On page 822, after the roll call on H. B. 163 (file No. 171) relative to the duties of county surveyors, insert "Title agreed to."

On page 1079, by mistake the original title to S. B. 400 is entered on the record instead of its substituted title. (See p. 1075.)

A House message asking for the return of S. B. 319 is omitted from the Journal of June 18, and the consequent motion to take from the table and return in compliance with such request.

SENATE CHAMBER, {
Lansing, July 3, 1889. }

I hereby certify that the foregoing is a correct Journal of the proceedings of the Senate, and of the Senate in Executive Session, of the Legislature of the State of Michigan, for the regular biennial session of the year 1889.

LEWIS M. MILLER,
Secretary of the Senate.
